

Bethel Christian School

Three-Year-Old Program

- Monday, Wednesday, and Friday 8:30-11:30
- Tuesday and Thursday 8:30-11:30

In a stimulating child-centered environment, children will develop self confidence and age-appropriate skills.

Social and language development will be enhanced by interaction with friends and the teacher, through circle time activities and discussion of calendar and news of the day, listening and telling stories, singing songs, hearing poems and Bible stories, engaging in dramatic play centers and playing games.

Math skills will be developed by sorting, graphing, finger plays, songs, rote counting and one to one correspondence of numbers 0-10. Art and fine motor skills will be developed through theme and story related activities using a variety of mediums such as: painting, play dough, building materials, pasting and cutting, coloring, sand and water play and puzzles. Gross motor games and activities will include hopping, running, throwing and catching, balancing, and creative movement. Music appreciation and enjoyment will be expressed through songs, dance, movement and playing a variety of music.
